Drip tray Fridge/Freezer Pro

- **Detect water leakage in time.**
- **Prevents water damage under refrigerators and freezers.**

**Prevents
water damage.**
Collects and diverts
condensation.

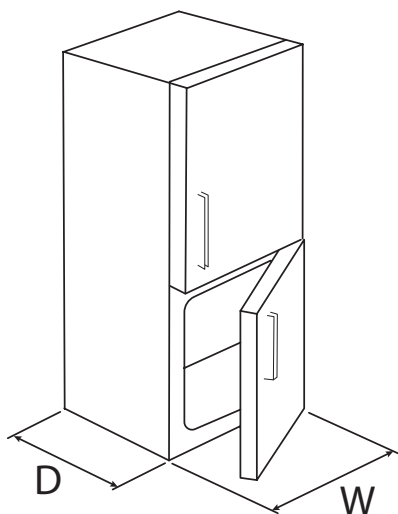

Pro-series condensation protection is placed under refrigerators and freezers to prevent condensation and water damage. They are designed to quickly collect condensation and leakage from hidden areas and divert it out from the centre in front of the refrigerator and freezer. This way, you avoid unnecessary water damage.

The mat is semi-transparent and made of impact-resistant polypropylene plastic and is available in one standard size. The installation instructions are easy to follow and of course approved by Säker Vatten.

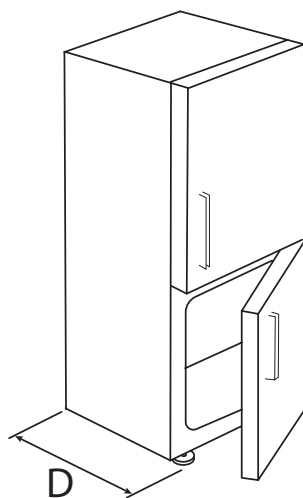

Type approved 0505/01 and meets the requirements of the provisions in the Swedish National Board of Housing, Building and Planning's building regulations: BBR: Hidden areas in rooms or building components 6:5334. Sold in well-stocked hardware stores, appliance chains and at plumbing wholesalers. Made in Sweden.

TOLLCO AB Rubanksgatan 4, 741 71 Knivsta.
